Github: <https://github.com/JosephFarina>

Email: jrf61194@gmail.com

Phone: 518.243.9599

EXPERIENCE

Kiwi Partners, Inc.

09.01.2014-Current

Digital

- Developed an internal portal used by employees to update their personal information across various online services by communicating with APIs. Built with Angular2, Node, Express, and MongoDB.
- Created a Node.js web crawler that crawls various job boards and compares the results against an IRS database of NY charities. It returns a .csv of job postings with IRS tax information about the organization that is then used by the sales team.

MediaCom USA

06.01.2014-09.01.2014

Digital Media Intern
